USDA RURAL DEVELOPMENT ANNOUNCES FUNDING FOR THE CITY OF PRESIDIO

Presidio, Texas, December 11, 2003— Bryan Daniel, State Director, Texas USDA Rural Development announces today that the City of Presidio received a \$100,000 loan and a \$250,000 grant through the agency's Community Facilities Loan and Grant program. The effort is part of USDA's Rural Development's national program to help rural areas build and enhance essential community facilities.

"USDA Rural Development's Community Facilities program helps rural communities keep pace with the needs of their rising populations," said Daniel. "Rural residents can utilize our programs to help provide essential public services that will enhance the quality of life for all rural residents."

The funds will be used to build a new library building. The current library is a small one-room library in a dilapidated building. The new library is the only facility of its type within 60 miles, and it will serve approximately 4,167 residents.

In Fiscal Year 2003, a total of \$15.2 million in direct and guaranteed community facilities loans were obligated. Community Facilities loan funds may be used to construct, enlarge, or improve community facilities for health care, public safety, and public services. These loans and grants are made to public entities and non-profit organizations. Examples of eligible projects include rural healthcare clinics, town halls, fire trucks, county safety equipment, jaws of life, early warning systems, community centers, libraries, day care centers, and schools.
